

Wild Thyme Farm

Wild Thyme Farm Monthly Workshops

The Wild Thyme Farm invites you to the scenic Chehalis Valley for monthly workshops on permaculture and stewardship forestry. Each hands-on workshop focuses on season-specific projects such as: orchard maintenance, organic gardening, forest management, food preservation, wildlife habitat enhancement, making value-added products, natural building, and other strategies of land care.

Dates & Themes Winter 2006 - 2007

11/18: Gardening in the fall

Transplanting perennials and shrubs, creating new gardens

12/16: Berry orchards

Creating and maintaining berry orchards
